Dear Friends,

In these uncertain times, we wanted to reach out to you personally about what we are doing here at Masters Funeral Home to keep you, your loved ones, and our staff safe.

In response to the information provided by global and local health authorities (including the CDC and the WHO) regarding COVID-19 coronavirus, we are no longer able to hold public funerals at our funeral home(s). However, we do allow a private service at our funeral homes or a church with a limit of 10 people. We are able to provide public graveside services, asking everyone to practice social distancing of six feet or more. We do not take this decision lightly but do so in the interest of protecting our entire community.

Going forward:

- We will not hold public funeral gatherings at our funeral home(s). We do allow a private service at our funeral homes or a church with a limit of 10 people. We will follow the guidelines from the State of Florida.
- Graveside services are encouraged as is social distancing.
- Live streaming of services is available.
- Our website is available to leave condolence messages for families at [www.TheMastersFuneralHomes.com](http://www.TheMastersFuneralHomes.com).
- Family arrangements can be handled via email and telephone if desired.
- Helpful information on COVID-19 can be found on these sites:

We take great pride in our level of service and in our commitment to our families and community. These safety measures will help protect our community and our team members as well. Please know that in this difficult and stressful time we are here to assist in any way we can while we keep families and our funeral home staff members safe. A special thanks to Gemini Graphics Inc. for helping us with this announcement.

Please remember we are here for you and this crisis shall pass.

Thank you for your understanding,
